Tom -

As I mentioned on Friday, here's the report from our March workshop. Its been sent to all workshop participants. We'll be drawing on this information as we provide further input to your WQCP review process. - Karen

Subject: Final Workshop Summary (technical workshop on estuarine habitat) 27 March 2012

Hello Friends:

Please find attached the final Workshop Summary from the all-day technical session held last March. We consolidated as much information as possible into this document so it could serve as a stand-alone reference.

Separately, we're posting closely related materials at EPA's Watershed Activities webpage: (www.epa.gov/sfbaydelta/activities.html).

Once the materials are posted, you'll be able to access them by scrolling down to the section entitled, "Sacramento-San Joaquin River Delta", and then by clicking on the link to the "Delta Water Quality Standards."

Thanks so much for your wisdom, enthusiasm, and professional dedication.

You made the workshop a success, and we'll do everything possible to ensure your investment was worthwhile.

Best Regards, Tim
